Camping Regulations

- Please park your vehicles in the correct numbered space. In order for us to properly patrol and protect our guests, it is important we are aware of who is located in each campsite.
- The vehicle parking pass needs to be kept in the vehicle window at all times. The vehicle can only be parked with the trailer; the parking pass **will not** be good in any of the regular fairgrounds parking lots. It is meant for **the car or truck** that is with your trailer
- To easily identify that the camper is properly parked, the RV camping pass needs to be put with your camper and in sight (possibly taped to the window) for the fairgrounds staff.
- Do not run electrical cords or water hoses beyond your immediate campsite
- Due to the fairgrounds' limited power capacity, we ask that you curtail the use of air conditioning to 20 amps per site.
- We have no dump station on site. We do not allow the dumping of any kind of waste onto the ground. There is a portable waste pumping service available for the guests and arrangements can be made by calling Goebel's Septic Service, (360) 736-2167. They require at least one day notice for service
- Please be considerate of your camping neighbors and keep noise to a minimum, especially in the early morning and late evening hours.
- Quiet hours are 10PM – 7AM
- Fires are not permitted on the fairgrounds

Camping Locations

- Bridle Acres Camping is located at the Westside of the fairground along the railroad tracks.
